## Introducing: 26 and 29 Series GEN3SYS® Now Available

Allied Machine & Engineering Corp. is pleased to announce the release of 26 and 29 series **GEN3SYS® High Penetration Drilling System**. The additional product offering will now extend our diameter range to include 26.00- 32.00mm (1.0236 – 1.2598) and will include straight and helically fluted holders with 3x, 5x, and 7xD length to diameter ratios.

The **GEN3SYS® High Penetration Drilling System** is supplied in C1 & C2 carbide substrates and coated with AMEC's proprietary AM200® coating. The aforementioned **GEN3SYS®** product offering coupled with the unique geometry is capable of drilling, virtually all of your drilling applications. The **GEN3SYS® High Penetration Drilling System** compliments and adds to our ever growing company focus to become your Hole Advantage.

- **The GEN3SYS® High Penetration Drilling System reduces drilling cycle times up to 35% when compared to other competitive drilling products.**
- **The GEN3SYS® drill inserts are coated with AMEC's proprietary AM200® coating which increases tool life up to 50% above other premium coatings.**
- **The innovative design of the GEN3SYS® High Penetration Drilling System increases hole quality, surface finish, and true position.**
- **The unique geometry of the GEN3SYS® enables optimum chip formation in elastic materials without compromising chip control in all other materials. Including the following: ( Aluminum, High Temp Alloys, Stainless Steels, Low to Medium Carbon steels, and Titanium)**
- **The GEN3SYS® High Penetration Drilling System is designed to ensure absolute repeatability and reductions in TIR.**
- **The GEN3SYS® High Penetration Drilling System is backed by a highly experienced technical staff that you come to expect from Allied Machine & Engineering Corp.**

If you need assistance with the GEN3SYS® High Penetration Drilling System please contact our Applications Engineering Department or your local Territory Manager.

An electronic version of the catalog is available in a PDF format on our website [www.alliedmachine.com](http://www.alliedmachine.com), under the "What's New" banner. When ordering the AMEC GEN3SYS® High Penetration Drilling System **catalog** please use item number **GEN3-07**.

Thank you,

Andrew S. Carr
