

Quick-Lock Discs: "Firestorm"® Ceramic Plus

"Firestorm"® Ceramic Plus: Longest lasting grain with a grinding aid. The best choice for difficult-to-grind materials such as Stainless Steel, Inconel, Titanium or hardened steels. Also works great on carbon steel.

"Firestorm"®

Our new "Firestorm"® replaces our original Ceramic Plus product. This next generation product features a unique coating process that provides the ceramic grain with a firm support structure for easy grain regeneration, while the supersized grinding aid improves grain retention and provides cooler cutting during the life of the disc. The unique color (**Neon Red**) differentiates our "Firestorm"® from most other ceramic products.

Competitive Products:

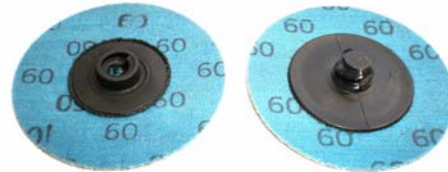

Norton: Blaze (1-Ply)

3-M: Regalite 777F

3-M: Regal 963G, 977F Durable Edge

VSM: SK855X

Discs have a durable 2-ply blue backing.

Our "Heavy Duty" discs have an extra-durable 3-ply white backing.

Competitive Products:

Norton: Blaze (3-Ply)

3-M: Regal Fiber 983C or 988C

3-M: Regalite Fiber 785C

Designed for use in aggressive grinding applications where premature edge wear is a concern. Best for grinding flat surfaces.

Tip: Improve performance even more by using a FIRM back-up pad.
